

WHAT IS WIC?

The Wyoming Women, Infants, and Children Program provides food and nutrition information to help pregnant women, breastfeeding women, infants, and children under the age of five stay healthy and strong.

WIC WORKS WONDERS

FOR WOMEN

Women in the WIC Program eat better, have healthier babies, and receive early prenatal care.

FOR INFANTS

Infants born to WIC mothers weigh more and grow and develop better.

FOR CHILDREN

Children on WIC eat foods with more iron and vitamin C, visit their doctors regularly, and receive immunizations.
